

FLFE Magnetizing Process: A Manifestation Tool

Step 1 Set an intention.

Set an intention and focus on the next possible step that you will take. Imagine yourself with the goal completed and visualize yourself enjoying the outcome.

Step 2. Connect to source.

Connect to source energy. Ask for guidance and support, and be ready to receive it. Expect answers to arrive from unexpected places, and a higher power to support your highest good.

Step 3. Clear obstacles.

Ask for all things PAST, PRESENT, and FUTURE that may block your highest good to be released and removed.

Step 4. Watch for signs.

Ask to be shown the support of higher power, and that your positive intent be reflected back to you. Be ready to receive signs of support.

Step 6. Close with intent.

Intentionally end the session, and let go of the requests that you've made, knowing that solutions are already on the way.

Step 5. Express Gratitude.

Express gratitude for the support you've received, and for the completion of your goal. Bask in the JOY of completion and in the receiving of your manifestation.
