

FLFE Webinar Q&A Session

December 10, 2025 - Live Q&A Session with FLFE co-founders Jeffrey and Clayton

Currently I'm unemployed and can get only one kind of product. Which is the best FLFE product to get, the everywhere, the home or the phone? Thank you! I really enjoy reading your forgiveness prayer.

Welcome to the webinar! It is really up to you which one works best for you, depending on your needs. If you are mostly home then it would make sense to have home, and if you are mostly out and about, then phone can work for you. It is your personal choice.

How do I get extra boosts? How many can I get and at what level of consciousness? I like the 850 but can I get higher and can I get 1000?

We have two boosts available for each subscription. There is a 600 boost for 30 minutes and 850 boost for two minutes for the property subscription, and a 650 boost for 10 minutes and 850 boost for two minutes for the phone. We are working on upgrading our software so we have more capabilities to offer customers like extended boosts. That should hopefully be available in the new year.

Why can no one see the machine?

While we cannot build transparency through the whole process as our technology is proprietary, we do our best to explain how the technology works and show scientific research on its effects. With our rich customer base, we have people from all walks of life who resonate with different aspects of how we can prove that FLFE works and improves quality of life. As we are at the forefront of this kind of research, we are paving the way in providing real, scientific evidence that life-force energy not only exists but when focused can have an incredibly positive impact on someone's life. Proof comes in many forms, and we are creating a multi-faceted approach to share our work with the world and make it approachable to all. To learn more about our research please visit our website: <https://www.flfe.net/research/>

Please comment on the FLFE EMF remediation in relation to the red/infrared devices that we can use in our homes.

The FLFE EMF mitigation harmonizes or converts consciousness lowering EMFs to no longer be a negative effect on your system. So it doesn't matter where the consciousness lowering EMF is being emitted from, it will still be harmonized. Consciousness neutral or raising EMFs are not altered.

I have never been able to drink the recommended amount of water. It's too much. Your advisor said this reduces effectiveness.

FLFE contains programs that support metabolic processes. You may feel the body repairing things that have been on hold for years. One way to assist this is to drink lots of water. We recommend to follow your own intuition and drink as much as you can. You can add some aloe vera juice to your water to boost the hydration.

what if we placed a location with the 500 free gift. Then decide we want to add the regular FLFE . what happens to that property?

The PIF will remain for as long as FLFE exists and it blesses anything within a 1000 meter/ 0.6 mile radius. The full subscription blesses anything within 100 feet of the home so there is a great benefit in having both.

Is there a way for me to measure the LOC of the areas of my concern (e.g. my town, my relative's town, etc.)? Does it require some device, or would there be any web sites that monitors that?

can use muscle testing to test the LOC. I would recommend reading book Power Vs. Force by David R Hawkins. He teaches how to muscle test and use kinesiology.

Wondering about putting FLFE on neighboring properties, that are vacant except for animals (horses, goats, dogs).

Each subscription comes with a PIF (Pay It Forward), that you can place on a property or place that is meaningful for you. You could use a PIF or if you have a flagship subscription you can add on a FLFE Lite subscription to these properties. It is \$15 a month.

Does FLFE effects linger on a property after it's removed? Seems like it would be a good thing.

Yes, the positive effect of the FLFE service lingers for some time. Depending on the property, amount of time it lingers changes.

Does FLFE energy on a property or around people on their phones clear low-consciousness entities and/or spirit attachments? Anecdotally, or is there evidence?

Entities on properties are a complex subject. There are multiple dimensions involved and beings at a variety of levels of consciousness and intent. Free will is also a factor, as is acting in the highest and best interests of all creation regarding a property and visiting entities. Entities at a higher level of consciousness can be beneficial, and they may have a purpose we do not understand regarding the land and the property.... FLFE activates a field and specifies a level of consciousness of the field based on the Consciousness Controller setting (slider). The purpose is to support the evolution of consciousness of all beings there, focusing on human beings. Rising in consciousness is supported as well as health and optimization of the physical body. Noncorporate beings are also supported to rise in consciousness and supported to transition. It is their choice whether to do so.

I used to feel the center of house where the FLFE came in. I still feel the presence in my whole place just not the focal point. Is this because I have just gotten used to the feel?

It is likely that you aren't noticing it quite so much as your personal level of consciousness has risen. Have you spent any long periods of time in that space? The vortex can be a great spot for meditations as it's a bit like a hidden boost!

i moved two days ago and transferred my service. i'm curious how long it takes to get the full benefit on a property?

Hi Autumn! It generally takes about 2 weeks for the full land clearing and historical energy clearing to come to its completion.

When do you start a new day and offer the boosts again after they have been depleted? Is it on midnight Pacific time?

The boosts will reset every day at midnight. It depends on what the time zone was when you subscribed. If you are unsure, you can always check in with your Customer Service Rep and they can check for you.

Having trouble understanding the breakdown as to how you created the scale of the "Hawkins Map" for FLFE. Is it

difficult to create this scale on your own, or do you always need someone to assist you on creating a scale?

We did not create the Map. It was created by Dr. David R Hawkins.

It looks like there is a machine generating high consciousness energy field, and transfer to subscriber by quantum entanglement. By what method to equivalent the machine energy field to the David Hawkins's LOC?

I hope I'm fully answering your question here. The FLFE technology is not so much generating the field as drawing in life force energy, giving it instructions and then activating it on homes and phones. The total LOC range that all of our services range from is 400 to 850 depending on the product.... Jeffrey and Clayton utilize the Dr. Hawkins scale in order to measure the field as this scale is a well researched way of identifying energy fields. For example, if someone created a new scale last year, this would not be well researched and have much backing to it in comparison to the Hawkins Map. This one has much more research and depth to it for lack of a better term.

At one time you had a comment about Shungite and needing a certain quantity in grams, and a source you recommended. I purchased two items that totaled slightly more than the recommended amount. Do they have to be taped together or will the total be fine? Thank you!

The shungite does not need to be stuck together. You'll want to have 7 grams or more within 1 foot of your body and if you're particularly sensitive, it appears that more shungite is helpful.

How large does the object have to be to retain the energy? My partner doesn't have a phone. The phone is in the name of his employer, so could he use the child's object option to get some coverage from me.

We recommend something smaller, usually object subscriptions are on rings, necklaces, pendants, keychains. Smaller items.

Can one get hurt by drinking too much water? I love drinking water with electrolyte powder, another one with

vitamin C powder, and a third with vitamin powder... loving it!

Such a great question! If you are in tune with your body and can feel a sense of needing to drink water, then you are doing what feels in alignment with your being. And including electrolytes ensures that with this increased hydration, you're not depleting your body of its minerals. Excellent!... I think that the difference with it becoming unhealthy is if it became a more compulsive behaviour because it wouldn't be coming from attunement with your body but more of a mental disturbance.

How exactly does it work and how does it get to us and whose consciousness is it?

Hi Brett, this is a great clip where Jeffrey and Clayton answer this question:

<https://www.youtube.com/watch?v=FiLLwO-XAmw>

Can I gift this pay forward to someone who doesn't want it?

Pay it forwards can be shared anywhere in the world. I would suggest tuning in to see what is in the highest and best interest for this person. Perhaps if they have indicated that this is not something that they want and have consciously made that choice, it should be respected. I believe that everyone has their own path in this life even if it doesn't align with ours, their choices should be honoured. Thank you for asking!

Does a emf blocking device on your phone alter your receiving a boost?

As FLFE is energy and utilizing the quantum field, a physical device won't interfere with the energy.

I wanted to give my Pay it Fwd FLFE to a hospital in Palestine. However the FLFE required an address and I found it difficult to find an exact address.

Can you find the hospital on google maps? We can use a latitude/longitude as well. If you can find the hospital and then click on it, google will give you the coordinates and you can use those when submitting the PIF. Great place to put one!

How do you measure consciousness in the solar system or in this area of the galaxy? What generates the FLFE consciousness field?

We use Conscious Kinesiology to measure the consciousness of anything. We use the Dr. David Hawkins Scale of consciousness as our guide. To understand how FLFE works, please call the office and speak with your CSS at the office. Also, please check this link: <https://www.flfe.net/resource/frequently-asked-questions/>

I have FLFE on my iPhone. My first PIF I put on my daughter's house. I have now received my 2nd PIF. Can I put the PIF on my own home?

Great question! Yes, you can place a PIF on your own home :)

How does muscle testing on a human have any measurement of the sun's consciousness - or our solar system as a whole?

Everything is energy when we break it down beyond the physical. In the same way that we think of someone and they call, we can connect with any and all energy that exists.

If u live in a condo is the Flfe exclusive to my unit only ? Just wondering how it divides it . However, if I just put it on my phone or will be with me at home and everywhere .Could that be the best decision considering it's a condo .Thank you so much !

Thank you so much for your question. Yes, the service associates with the legal address of the property, and condo's and apartments usually have their own legally separating address (ie. Unit number.). So the service knows to go only on the unit or apartment. The phone will travel with you, with the energy being the strongest in a 9FT bubble. It does go out to 300 FT but the energy just gets softer as it goes out further.

With FLFE can I sleep with the cell phone in the bedroom?

Yes the EMF mitigation is harmonizing the consciousness lowering EMFs emitted from the phone.

Can I wear a Faraday cloth and not have it block the FLFE energy?

Yes, the Faraday fabric will not block FLFE as it is not a frequency. In the same way that the fabric would not block sending you a loving prayer, it doesn't interfere with FLFE.

Which form of magnesium might be most helpful?

Magnesium Threnoate is the only type of Magnesium that gets through the blood brain barrier and deep into the nervous system. Most people also find that they do not have any digestive issues. Magnesium Glycinate is also good. I would avoid Citrate or Oxide especially if you have a sensitive stomach.

Can you explain the difference between placebo and FLFE?

Great question! There are many studies out there showing that FLFE works through measurable improvements in physiology. For example, studies on water structure, cellular voltage, and more can show the quantifiable improvements in the body from FLFE. Where as placebo is believed benefit because someone "believes" something will work. The difference is that FLFE has measurable, reproducible, quantifiable results, whereas placebo is a psychological effect. If you'd like to check out these studies please visit:

Looking for a way to describe FLFE and its benefits in one sentence to help make it easy for people to understand and pass it on to others. Any suggestions?

"Life-force energy activation through quantum instruction that supports the evolution of consciousness and optimization of health and wellness in homes, phones, and objects."

Can FLFE work on animals?

Yes, animals benefit greatly from FLFE. We have heard stories of horses becoming calm, dogs being less anxious, and cats being happier and more affectionate. Animals respond beautifully to the energy!

what can I do when I don't feel the energy anymore?

There are a few things that can help with this. One is to ensure you are well hydrated and taking the recommended supplements. Another way is to take a break from FLFE for a short time, such as turning the energy off in your customer portal for 1-2 days, so that your body can recalibrate, and then reactivate the service. When you come back to it, you may feel it again.

I'm not certain if FLFE will work for me. How can I know?

The best way to find out is to take a free 15 day trial. This will give you the opportunity to experience FLFE and see if it resonates with you! There is no credit card needed to sign up which allows you to tune in without the worry of it auto billing.

Why do some people feel FLFE immediately and others don't?

There are several factors that can affect how quickly you feel FLFE. These include hydration level, your starting consciousness level, any blockages in your system, and your personal sensitivity to energy. Everyone's experience is unique.

Is FLFE backed by science?

Yes! We have numerous studies showing the effects of FLFE on water structure, cellular voltage, DNA activation, and more. You can view these studies on our website at <https://www.flfe.net/flfe-studies-scientific-evidence/>

Does FLFE work with other healing modalities?

Yes! FLFE works beautifully alongside other healing practices like meditation, yoga, energy work, and conventional medicine. It supports the body's natural healing processes.

Can I use FLFE if I'm taking medications?

FLFE is not a medical treatment and does not interfere with medications. If you have health concerns, please consult with your healthcare provider.

What if I'm sensitive to energy?

If you're sensitive to energy, you may feel FLFE more quickly or intensely than others. You can use the consciousness slider on property subscriptions to adjust the field strength to a comfortable level for you.

Can I share my FLFE subscription with family members?

Property subscriptions provide coverage for anyone in that home. Phone subscriptions are personal to the phone they are activated on. You can also gift Pay It Forward (PIF) subscriptions to others.

How do I know if FLFE is working?

Many people report feeling more peaceful, sleeping better, having more energy, thinking more clearly, and experiencing improved health. You may also notice changes in your environment and relationships. Some people notice effects immediately while others take a few weeks.

How does FLFE affect the physical body?

FLFE supports the body's natural healing processes by providing life-force energy. Studies show improvements in cellular voltage, water structure, DNA activation, and other physiological markers. The body's innate intelligence uses this energy to support healing and optimization.

Can FLFE help with sleep issues?

Many people report improved sleep when using FLFE. This is likely due to the increased consciousness in the field and the body's ability to relax and heal more deeply.

What is the Hawkins Scale of Consciousness?

The Hawkins Scale is a research-based measurement of consciousness levels ranging from 1 to 1000, created by Dr. David Hawkins. FLFE uses this scale to determine and measure the consciousness level of the field.

How is the consciousness level of the field determined?

Jeffrey and Clayton use muscle testing and kinesiology to measure and determine the consciousness level of the field based on the Hawkins Scale.

What are the "programs" that FLFE includes?

FLFE includes various programs such as Anti-Stagnation, EMF mitigation, DNA activation, consciousness raising, and many others that support health and consciousness evolution.

What is Anti-Stagnation?

Anti-Stagnation is a program that supports the body's natural energy flow and helps clear blockages. People often feel "unstuck" and able to move forward in life after this program activates.

What is EMF Mitigation?

EMF Mitigation is a program that harmonizes consciousness-lowering electromagnetic fields so they no longer have a negative effect on your body and consciousness.

How long does a PIF last?

A PIF lasts as long as FLFE exists and continues to bless the location with consciousness raising energy.

Can FLFE be used alongside conventional medicine?

Yes, FLFE can be used alongside conventional medicine. It supports your body's natural processes but is not a replacement for professional medical care.

What is quantum instruction?

Quantum instruction is the method by which FLFE directs life-force energy to a specific location or object. It's a form of conscious intention applied at the quantum level.

Can I gift an FLFE subscription?

Yes, you can gift a subscription to someone. You can also gift a Pay It Forward (PIF) to a location of your choosing.

What happens to FLFE if the power goes out?

FLFE is not dependent on electricity or internet for its function once activated. It continues to operate regardless of power outages or internet disruptions.

Does FLFE require internet to work?

While you need internet to set up and manage your FLFE subscription in your Customer Portal, the service itself does not require ongoing internet connection to function.

What is the most important factor for feeling FLFE?

Hydration appears to be the most important factor for feeling and experiencing the effects of FLFE. Water is essential for the body to receive and integrate the energy.

Should I drink special water?

While clean water is best, any water will work. Some people enjoy structured water or water with added minerals, but regular clean water is sufficient.

Why might someone feel FLFE more on a group call?

Group consciousness and collective intention can amplify the field. The higher consciousness of many people focused on the same thing creates a more powerful energetic effect.

Does FLFE require belief to work?

No, FLFE works whether you believe in it or not. While belief and openness can enhance your experience, the energy works on a quantum level independent of belief.

What if I'm skeptical about FLFE?

Skepticism is fine! Many people who are skeptical have taken the free trial and been pleasantly surprised by the results. The 15-day trial is a great way to test for yourself.

How does FLFE support spiritual growth?

FLFE supports spiritual growth by raising consciousness and clearing blocks. Many people report enhanced meditation, intuition, and spiritual experiences while using FLFE
